### LED Rotary Shelf Light Series

Interior Illumination

Eslight's LED Rotary Shelf Light is a single color energy saving long life rigid linear solution. LED Rotary Shelf lights incorporate the very latest in super bright Ø3 LED technology. LED Rotary Shelf lights come in Square and Semi-Circular shapes. Additionally you can choose from fixed lengths or the extendable version, which enables you to connect multiple sections together.

Constructed of a central PCB with mounted LEDs encased in an aluminum track and clear PC cap the LED Rotary Shelf light is compact, lightweight and designed for a variety of applications. Many customers around the world apply the LED Rotary Shelf light as under cabinets lighting, tradeshow displays, product displays, and cove accents.

The easy to affix plastic mounting system enables the rotation of the fixture to adjust projection angle to the desired area or illumination. LED Rotary Shelf Lights come in many popular LED colors such as WLED Cool White, Warm White, Ultra-Warm White, Red, Green, Blue, Yellow, Yellow Green, and Orange.

### LED RSL-12/24/36/48-24V-Z-EX

LED Rotary Shelf Light

Light Source: Ø3 LED  
Color: CW/WW/R/G/B/Y/YG/O  
Input Voltage: 24V DC  
Bulbs Spacing: 1"  
Length: 12"/24"/36"/48"  
LED Qty(PCS): 12/24/36/48  
Power Consumption: 0.96W/1.92W/2.88W/3.84W  
Operating Temperature: -30°C - +40°C

### LED RSL-12/24/36/48-24V-Z-EX-S

LED Rotary Shelf Light

Light Source: Ø3 LED  
Color: CW/WW/R/G/B/Y/YG/O  
Input Voltage: 24V DC  
Bulbs Spacing: 1"  
Length: 12"/24"/36"/48"  
LED Qty(PCS): 12/24/36/48  
Power Consumption: 0.96W/1.92W/2.88W/3.84W  
Operating Temperature: -30°C - +40°C

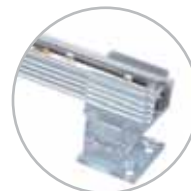

### LED RSL-12/24/36/48-24V-Z

LED Rotary Shelf Light

Light Source: Ø3 LED  
Color: CW/WW/R/G/B/Y/YG/O  
Input Voltage: 24V DC  
Bulbs Spacing: 1"  
Length: 12"/18"/30"  
LED Qty(PCS): 12/18/30  
Power Consumption: 0.96W/1.44W/2.4  
Operating Temperature: -30°C - +40°C
